- Fees (Installment, Late, Reinstatement, Insufficient Funds)
- Transfer to Collections

modern,
innovative UI

Streamlines access to complete tasks more efficiently and effectively! > Ready for Launch Fall 2017

Insurity provides Atlas with the ability to offer a **robust billing platform** to both our producers and insureds.”

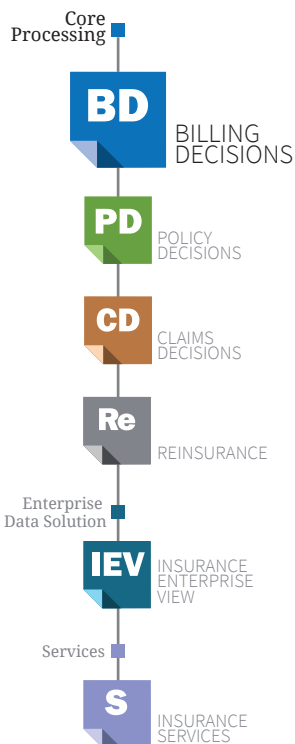

Brad Perilman, CFO
Atlas General Insurance Services

agent friendly

Increase your agents' ease of doing business with your agents and insureds with a range of intuitive, configurable functions, including:

- > Automatic delivery of agent statements
- > Flexible agent configuration and enrollment of commission down to the coverage level
- > Three-tier agent hierarchy
- > Automatic commission lookup and calculation
- > Commission paid based on paid, written and earned premium
- > Operational and Financial Management Reports
 - >> Schedule and automatically produce and distribute via email
 - >> Export in multiple formats; e.g. Excel and PDF

features

- Agency, direct, account, and entity billing
- Flexible payment plans
- Configurable business rules
- Deductible billing for claim payments
- Lifecycle automated workflows
- Electronic bill presentment and payment (EBPP)
- Commission management and disbursement
- Dashboards and reporting for cross-solution monitoring
- Highly scalable to meet the processing demands of all insurers regardless of size and transaction volume

Partnering with

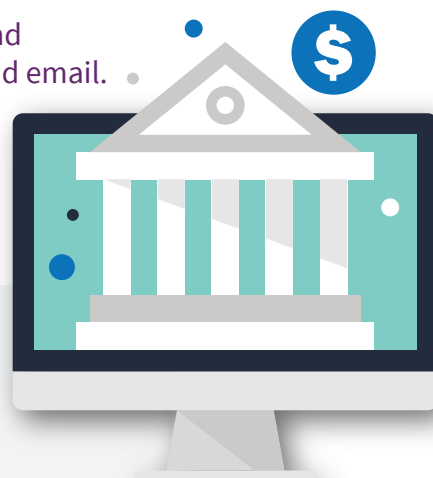

Providing PCI compliant payment services and electronic notifications/reminders via text and email.
